ACTpro Brings Peace of Mind to Retirement Home

Cofely Inéo installers used ACTpro controllers and the ACT Enterprise software suite to secure 34 doors in the 'Maison de retraite des Lauriers', a retirement home located in the South of France.

Brief

A system that was easy to install and reliable was required.

Solutions Provided

- The 34 doors were secured using ACTpro 1500 controllers paired with ACTpro 101 door stations, allowing each ACTpro 1500 to control up to 32 doors each.

- ACTpro controllers can be used with any wiegand or clock and data readers.

Installer: COFADIS
