### Vanderbilt's ACT Enterprise is Winner at Benchmark Innovation Awards 2019

*Vanderbilt's ACT Enterprise is a winner in the Benchmark Innovation Awards 2019. The access control solution has won in the Access Control Software category.*

## ACT Enterprise Access Control Software

The benefits of Vanderbilt's ACT Enterprise include a **smartphone app**, a **rules mapping engine**, PoE controllers, integration with third-party products such as **Assa Abloy Aperio range**, integration with **Vanderbilt's award-winning SPC intrusion system**, and OSDP reader encryption.

Benchmark believe that the future of the electronic security sector lies in the creation of

innovative and smart solutions. The Benchmark Innovation Awards recognize that it is vital that manufacturers deliver innovation that both enhances the technological capabilities of their products, and allow those developments to be implemented realistically. Thus, the Awards seek to reward such solutions.

Benchmark is the industry's only publication for installers and integrators which is dedicated to technological innovation and the design and implementation of smarter solutions.

In 2017, **ACT365** was selected as winner in the Benchmark Innovation Awards.
