Missed our December newsletter? Here are the Key Takeaways

Vanderbilt & ComNet,
supporting customers on
every step of the journey

Our monthly newsletter was dispatched to our customer base on 3 December.

In case you missed it in your inbox, or have yet to subscribe to our mailing list, here are some of the main topics communicated in our monthly news blast.

- Our latest special promotion offers customers **20 FREE credentials** with BLUE-A and BLUE-C readers purchased using the special partcodes listed in **the following flyer**. This offer is open until **31 December 2020**.
- Vanderbilt has recently released **SPC FW 3.12** and **SPC Connect Pro FW 3.12**. Among other features, the SPC FW 3.12 update included a **bug fix on EDP alarm transmissions**. For more information on the circumstances and the available

workarounds on this, you can [check the release notes here](#).

- Vanderbilt's powerful GM7xx series is the result of over 45 years engineering experience in the field of seismic detectors. Our products are specifically designed for round-the-clock monitoring of safes, ATMs, and strong rooms. [Read more.](#)
- Vanderbilt's award-winning ACT system has officially received its integration certificates from Milestone. This official certification means that Vanderbilt's ACT now has full VMS integration with the Milestone Integration Platform. [Read more.](#)
