Where We'll Be: Vanderbilt's March Events

Vanderbilt will be on the ground at two events this March. Check out our previews of ISC West and Sectech Denmark.

ISC West 2020

Vanderbilt will be attending ISC West on **18 - 20 March** in Las Vegas, Nevada.

ISC West is the largest converged security trade show in the U.S., covering everything from video surveillance, access control, biometrics, smart home, public security, drones & robotics, and more.

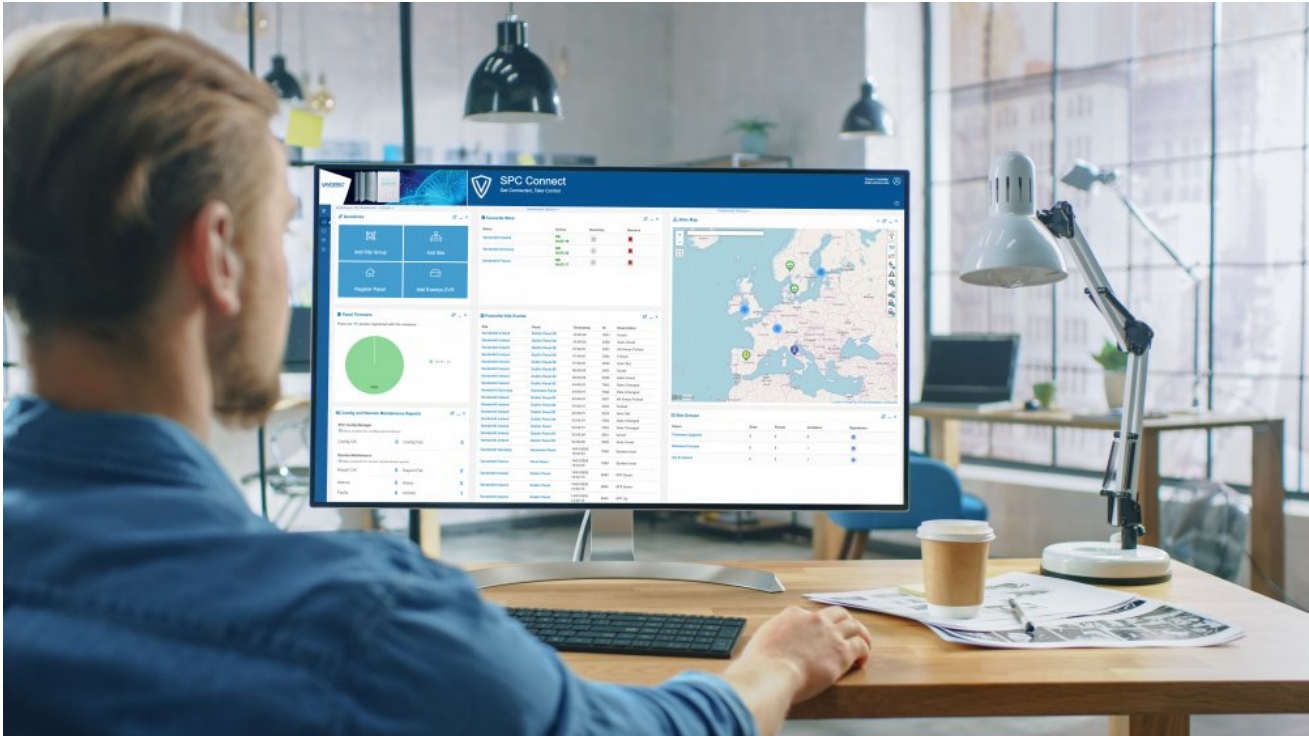

The **latest updates** to the ACT365 platform will be showcased at the show, which further demonstrates the ability of ACT365 to provide a comprehensive and reliable security solution for users looking to protect people and property. The feature and software enhancements include lockdown functionality, twin users support, whitelist card support, and more.

Other products we will be showcasing:

- **Security Management System (SMS)**
- **Vanderbilt Video Management System**

Sectech Denmark 2020

On **25 – 26 March**, Vanderbilt will be in Copenhagen for Sectech Denmark.

Sectech is a meeting point for suppliers, installers, consultants, and end-user purchasing managers within the field of security.

One such product that will excite visitors to the Vanderbilt stand is **SPC Connect, the award-winning, cloud-based intrusion detection solution**. Vanderbilt recently released the latest version of SPC Connect, version 3.0. This new release includes an entirely reworked user interface and focuses on more intuitive user operations.

Through this release, collected information is now visible to the installer and enables them to have an overview of the installed SPC systems out in the field. A new centralized operations menu allows the installer to intuitively navigate a specific operation much quicker.

Other products will be showcasing:

- **ACT Enterprise 2.11**
- **ACT365**
- **SiPass* Integrated 2.76**

- **Bluetooth Low Energy Readers**
- **Biometric Fingerprint Readers**
