Product Recap: Firmware updates & Certificate Approvals

November saw a flurry of activity in the Vanderbilt product portfolio.

Let's recap some of the more significant announcements in recent weeks.

- SiPass integrated was added to the list of supported Access Control Systems for the Vanderbilt Bluetooth reader range. [Read the full set of details here.](#)
- With immediate affect, the GMXP0 article number VBPZ:2772730001 will be a slightly different deliverable. [See the major changes here.](#)
- Our SPC & SPC 2 Way Wireless have now completed all required testing and have now been certified by CNPP for EN and NFa2P. [View the full chart here.](#)

- **SPC Connect Pro 3.12** and **SPC 3.12** have both had their firmware updated. SPC 3.12 addresses a bug fix on the **EDP alarm transmission**.
- The SPCN340 GSM (4G) modem has successfully passed the **French NF A2P certification process**.
