Product Recap: E500 LON Repeater

The E500 LON Repeater is now in stock and available for immediate delivery.

Vanderbilt's E500 LON Repeater is a direct replacement for the E55 LON Repeater with a plastic enclosure instead of metal, matching the rest of the new line of hardware in the Omnis product line up. The E500 LON Repeater is certified for use in EN50131-1 Security Grade 3 and SSF1014:5 Larmklass 3 installations.
