### Testimonials: Praise for SPC

***SPC is Vanderbilt's award-winning intrusion detection system.***

SPC protects businesses, properties, and assets and offers versatile and comprehensive alarm management functionality. Through the use of cloud services, end-user apps, and a dedicated software suite, SPC is at the forefront of modern intrusion detection. Take our customers' word for it.

### **Complete, scalable, and reliable**

SPC is complete, scalable, and reliable. Its best feature is SPC Connect and its simple connection to the web page of the control panel through the cloud. It has helped me solve problems such as allowing me to pool small intrusion and access control configurations on a single system. I would highly recommend

SPC because it is very easy to use.

**Jérémy Libournet, Co-Manager, Sarl Evolsur.**

## **Intervene remotely and rapidly**

SPC is a connected alarm system manageable from both a webpage and the cloud. Its best feature is FlexC communications protocol which is fast and flexible. SPC has helped me solved problems by being able to intervene remotely and rapidly to make modifications to the system. I would highly recommend SPC because it is very easy to use.

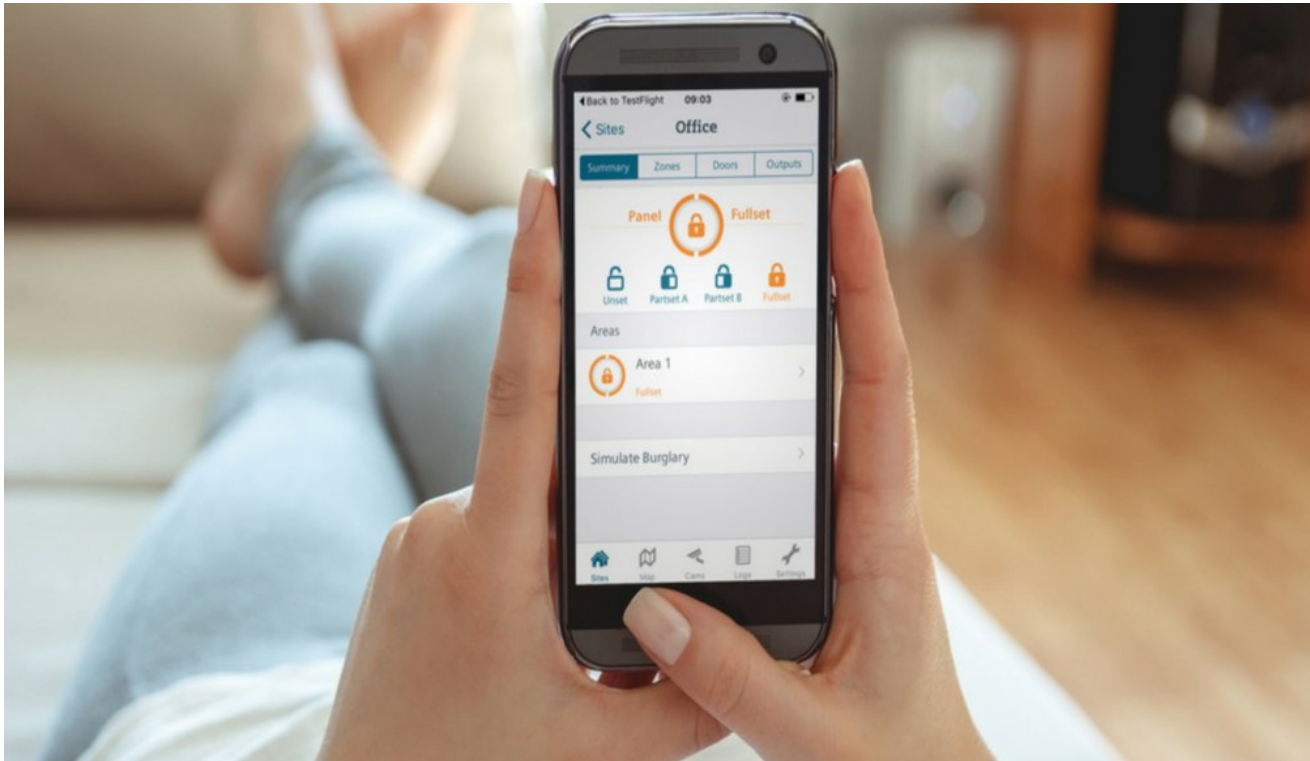

**Kevin Mouradian, Manager, Serenitys.**

## Smartphone app

SPC is a great product. The system's best feature belongs to SPC Connect and the smartphone app that allow for remote management and maintenance. SPC's ability to integrate with video cameras has helped us solve many problems. SPC is very easy to use. I would highly recommend it.

**Bruno Belard, Contract Manager, Vinci Facilities.**

## Easy-to-use

SPC's best feature is how easy it is to use SPC Connect to remotely manage and maintain the system. In addition, there is also new firmware or features that keep the system rapidly evolving and up to date. I would recommend SPC.

**Yassine M'Fitel, Technical & Commercial Sales, Serviacom.**

## A complete solution

SPC is a practical, reliable, and a complete solution. SPC's best features are the ability to remotely access the system for emergency management, as well as its access control compatibility with a large number of readers. The remote access feature has undoubtedly helped us solve a lot of problems. I would highly recommend SPC. It is easy to use.

**Germain Yohann, Purchasing & Logistics Manager, AB Sécurité.**
