- From here, click "**Create Order List**" and a pop-up screen will appear that prompts you to give your name a list.
- Once you do so, your list will be created.

- Now, you need to populate your list with products.
- Go to the product menu and select a portfolio e.g. Intrusion.

- From here, you can begin to add products.
- This can be done by selecting a product and then, in the bottom right hand corner of the screen, under "Add item to order list" select "Add products".
